

## MULTI-MILLION DOLLAR DEVELOPMENT SAID TO BE PLANNED BY U. S. STEEL NEAR MORRISVILLE, WILL INCLUDE STEEL PLANT, REFINERY, HOUSING PROJECT

Reliable Reports Insist U. S. Steel Principal Behind Project, Although Penna. Railroad in Past Year Bought Up most of Tracts Involved—Virtual Confirmation Comes from Wall Street Journal.

MORRISVILLE, Dec. 16—A steel fabricating plant, gasoline refinery and large housing project will soon be a reality on a 4,000-acre tract south of this borough, along the Delaware river, it is announced. This multi-million-dollar development is reported backed by United States Steel Corporation, one of the four largest concerns in the country.

During the past year most of the land parcels included were sold to the Pennsylvania Railroad, but fairly reliable reports claim that U. S. Steel is the principal behind the transactions. Virtual confirmation came from the Wall Street Journal, which stated that U. S. Steel is hurrying plans for a big new plant "near Trenton, N. J." It added: "The steel industry's forced shift from the basing point to an f. o. b. mill pricing system is a major reason for this new plant." This appeared in a front-page story. The paper pointed out that U. S. Steel needs an eastern seaboard mill to meet freight rate competition in this big consuming area. Bethlehem Steel, it is pointed out has the only major plants in this territory.

The new plant, near here, would put the company closer to its rapidly-developing South American iron mines and to foreign sources of scrap steel, according to the Journal.

Officials of U. S. Steel, who previously claimed there was "nothing to it" when queried about such a project, are now said to have remarked that they have "no comment."

It is stated that another U. S. Steel project in the area will be an extensive housing development to provide homes not only for its employees but for other workers attracted to the area.

The business men of this area are enthusiastic over the proposed development. They pointed out such industrial expansion means not only more jobs in this locality, but thousands of newcomers who are potential consumers.

The development will prove an important economic adjunct to this area, they added.

Options on this tract of land taken nearly a year ago by the PRR are expiring. Thomas B. Stockham, Morrisville realtor, who participated in the deals, said the titles now are being closed.

The railroad bought 11 additional properties on the site just a month ago. At the time of the first options, the PRR said the land would be used for an industrial development to be constructed in the next two or three years.

The land area involved in the deal runs along the river from just below Morrisville to a point opposite Roebing, N. J.

## POLICE CHIEF IS FREED OF CHARGES

Morrisville Council Drops Charges Filed Against Harry Christ

### TAKES OFFICE JAN. 1ST

MORRISVILLE, Dec. 16 — Borough council, Tuesday night, decided to drop all civil service charges against former chief of police, Harry E. Christ. It was pointed out that Christ on January 1st will resign to take over his duties as tax collector, a position to which he was elected November 8th.

As a result, Christ will receive full salary from Nov. 15, when he was originally relieved of his duties, until Jan. 1.

Christ was removed from office last month by the local civil service commission when he ran on the Republican ticket for borough tax collector. However, the former chief protested the commission's action, contending the body had been illegally formed and could not function under the law. As a result, the commission was reorganized recently, but action against Christ was delayed.

In his report last night, Edward Roberts, chairman of the sanitation committee, expressed his thanks to residents for their co-operation during the special November leaf collections.

A request by the Richmond Bus Lines to reroute its service through Morrisville was approved on a trial basis by the council.

The measure, which was adopted despite protests from the Robert Morris Civic Association, will grant an extension of the route for three months, after which the council will decide if the line is being operated in a satisfactory manner.

Representing the civic group at the session were Robert White and Burton White, president. They presented a petition bearing 46 names.

The State School Building Authority has sent a letter, clarifying details relative to architects' fees and financing of un-fixed furniture.

A number of additional desks, primary and intermediate grades, have been delivered, these to replace obsolete furniture which had been temporarily returned to service by the swelling enrollment.

The question of how to meet further enrollment growth in September, 1950, was given some thought by the directors. Health and compulsory attendance reports were received.

Low bidders on renovation of football equipment was the Triangle Renovators, of Chester. The baseball infield on Hansell field has been seeded, it was reported.

Directors were told that the high school choir will go to Tilton General Hospital, Port Dix, N. J., December 23rd, to sing for hospitalized veterans, the camp providing transportation.

In regard to transportation of pupils to and from school, the schedule of bus trips, routes and stops was submitted to the State Department of Highways in August. This week a representative of that department arrived in Bensalem township to go over the route and inspect the stops, etc., preliminary to placement of order for school bus stop markers by the highway department. The department is interested from the standpoint of safety, etc. The various stops as submitted were approved, with the exception of a recommendation that the loading zone at Andalusia school be moved to Poquessing avenue side rather than Bristol Pike.

## HULMEVILLE

With songs appropriate to the Christmas season used, a "Stop the Music" program was much enjoyed as part of the Christmas party of Ladies' Aid in Neshaminy Methodist Church on Tuesday evening. The social program was in charge of Mrs. Frank Harper, Bensalem township; aided by Mrs. G. A. Japchen, Middletown township. The committee in charge of serving refreshments was inclusive of: Mrs. Christian Tomlinson, Langhorne; Mrs. George Bilger, Mrs. Edward Bilger, and Mrs. Hugh B. Webster. The tables were decorated with miniature trees and red candles, with holiday place cards used. Santa Claus, impersonated by Mrs. Harry Claus, Bensalem township, distributed gifts to all. The meditation was in charge of Mrs. George Fetters, who provided carols on the organ, all joining in the singing of the final selection. Devotions, including reading of the Christmas story from the Bible, were directed by Mrs. Japchen. During the busi-

ness meeting, with Mrs. Webster presiding, arrangements were made to send flowers and fruit to the ill and needy at the Yuletide. On Sunday next members will take to the church gifts for girls and boys, aged five to 10 years, these to be sent during next week to the Fifth Street Community Center, Phila. Let us pray for all who yielded to temptation, that they may turn from their sin to Jesus Christ, who died that we may live: Almighty God, whose mercy endureth forever, mercifully look upon those who have fallen from Thy way, move their hearts by Thy Holy Spirit to accept Thy salvation, and because the frailty of man without thee cannot but fail, keep us ever by Thy help from all things harmful, and lead us to all things profitable to our salvation, through Jesus Christ our Lord. Amen.

## SPORTSMEN'S BRIEFS

BY JOE ELBERSON

Quite an experience . . . the story all began on a pleasant grouse hunting trip in the Poconos early in November. You and your buddies were on a vast tract of State-owned timber. You had some good grouse shooting then, and you had an opportunity to explore the section thoroughly. Many deer were observed and you and your friends right then and there promised that all would be back on the last day of the 1949 deer season—Saturday, December 10th.

Whenever you met with your buddies during the interval you invariably discussed the trip in detail—guns, ammunition, lunches, clothes, and other gear. You planned your work so that your firm would not miss you on that Saturday morning—you came in early, cut your lunch periods short and stayed past quitting time. You were sure by the week before that everything was in order at the office.

Then came the first disappointment. One of your buddies called three days before the 10th and said he couldn't make the trip. You still had one man to accompany you, however, and you knew that at least part of the pass through the swamp where you planned to hunt would be covered. Your trip would still take place.

The second disappointment came the day before the trip. Your second buddy backed out. You turned this news over in your mind. Should you cancel the trip? Could one man cover the pass? Should you go alone, in spite of the withdrawals? You finally decided on the latter.

Came the morning of the 10th. Your alarm awoke you at 3:30 a. m. By 4 a. m. you have your coffee and you're off. Two hours later (89 miles from Bristol) you stop for breakfast. You're on the New Jersey side—the terrain is covered with snow, and you can see evidence of snowplow operations along the highway.

In short order you're moving North again towards Dingmans Ferry. As you stop to pay toll the bridge tender remarks that it's good to see a Pennsylvania hunter—the last 90 cars across the bridge all bore New Jersey registrations. That makes you wonder but you move on towards the mountains. In a matter of minutes the road changes from clear to slippery, ice-packed snow. You're chains in the back of the car, but the hour of seven is fast approaching and you decide to pull the mountains without them. Minutes later you're on top with just another six or eight miles to go. You see men with rifles walking the road now, and there are dozens of cars parked all over.

Your last turn is upon you and you're ready to drive the last four miles but as you hit the top of the first rise on the narrow fire trail road your eyes meet an astonishing sight. Four cars are stalled in line just ahead of you. Twenty-one other cars are waiting in line behind the stalled vehicles. You wait five minutes. Cars are lining up in back of you. At the end of ten minutes you pull your car in the brush and prepare to walk. It's a six-mile hoof to the swamp where you want to go. You know you won't be there at 7 a. m.

Another car in front of you also pulls in the brush. You talk with its occupants as you arrange your gear and lock your car. They tell you it's just four degrees above zero.

And then the six miles by foot. You're not lonely in the walk, however, because in the stretch of road before you turn off you count 172 cars. When you arrive at your stand you clear the ground of snow and make yourself comfortable beside a huge hemlock. There isn't a sound except the incessant booming of guns which resound with terrific clarity from the distant hills. But there's nothing but a graveyard stillness at your stand. You turn and view the two spots where your buddies should have been posted.

By 8:30 you're growing chilled. The half hour before that has seen 26 men march on past your spot going further into the woods. This is the only break in the monotony of the cold and the stillness.

A short time later another chess passes you and take up their stands where one of your buddies should have been, and in short order

the stand where your other buddy should have been is also taken. Now you're hemmed in. You're dubious now of a shot but you stay— one might come out of the swamp towards you. And then more stillness. At about 10 a. m. you're alerted by movement in the laurel to your right. Seconds later you see your first deer. It's out of the range of your gun but you raise the weapon in readiness. At that same instant you hear the crack of a rifle, followed in rapid succession by four more shots. You hear a slug whistle by and you drop flat on your belly. At the end of 14 more shots the deer is down. You reason this trophy would have belonged to one of your buddies had he been on hand.

At the end of another half hour the woods are still again until you are alerted by sounds on the opposite side of the pass. Again you see a deer. Again you raise your gun. And again the deer is shot before it is within the range of your gun. The same performance is repeated a half hour later. You reason again that your other buddy would have had at least one of those deer. But your friends are both back in Bristol, probably sleeping.

By one o'clock it has warmed a little and the shooting has died down to an occasional shot. You decide now is a good time to get out of the woods and start the 6-mile hike back to the car.

As you head your car towards home you see mute evidence of a large kill. Deer are hanging at the camps you pass and you see them on car fenders and roofs of cars.

All in all it has been an unusual experience. You never tried hunting in doe season in the Poconos before and you're pleased with the experience, but you firmly resolve that the one experience will last you the rest of your life.

## BRISTOL HIGH TO SEEK SECOND WIN; PLAYS ST. JAMES

Bristol High will seek its second win of the season tonight as it lines up against St. James Catholic High, of Chester, on the home floor. There will be varsity and junior varsity

tilts with the first game starting at 7:30 o'clock.

The Warriors lost to Reading Central Catholic in the opener but came back to beat a strong Alumni team Tuesday night. The passing in the Alumni game was exceptionally well.

Last season, St. James won 15 and lost nine. Their only game this season was a 63-33 triumph over St. Matthew's. The St. James contingent lost all their players by graduation last season. The team is

coached by "Jack" Ramsey, captain of St. Joseph's College, Phila., last season.

It is most likely that Coach Jerry Bloom will use the following in his starting quintet: Joe Pindar, Charlie Rouch, Frank Rich, Frank Barabeta, and "Vic" Cauti.

Coach Harry McClister's Jayvees also have a one and one record. The team won a close one from Reading Central Catholic but was beaten in the last quarter by the Alumni junior varsity.

## JUNIOR HIGH WINS 38 TO 23 OVER LANGHORNE

Blanking its opponent in the first quarter, the Bristol Junior High courtstars won over the Langhorne Junior High quintet, 38-23, yesterday on the Bristol floor.

Bristol registered eight points in the initial session four of which went to DiCesere. Langhorne could not hoop a point although both Lex and Townsend had foul shots at the buckets. At half-time, the Bristol team was in front, 22-5.

However, in the third quarter, Crosby made a foul for Coach Ben Watson's team lone point while Langhorne made nine. Both clubs hit the cords consistently in the finale, Bristol making 15 points while Coach Egli's team had 14.

DiCesere and Strobele were high for Bristol while Seiz paced the losers with eight points.
